GERMANY WILL STAND FIRM; REQUEST OF U. S. TURNED DOWN; GRAVITY OF CRISIS IS INCREASING

TEUTONS CLAIM NO MERCHANTMAN IS
ARMED FOR DEFENSIVE PURPOSES; SUB-
MARINES WILL BEGIN MARCH FIRST TO
SINK ALL SUCH VESSELS WITHOUT
USUAL MILITARY WARNING.

(By International News Service.)

WASHINGTON, Feb. 28.—Germany today, through her ambassador, Count von Bernstorff, notified the United States that there is no such thing as a merchantman armed for defensive purposes. She further states she can see no reason to change her determination to sink armed ships without warning after March first.

Before placing the communication before Secretary Lansing, Ambassador von Bernstorff conferred with Austrian Charge Zwiedinek, for the Teutonic note represents the position Austria has taken, as well.

Count von Bernstorff told Secretary Lansing that secret orders had been issued by the British admiralty addressed to all commanders of armed merchantmen, advising them to attack any submarine sighted after establishing the fact the vessel was a belligerent one. Such a condition of affairs would completely nullify former assurances that guns mounted on merchant vessels would not be employed in offensive warfare. He intimated he possessed copies of these orders which had been held up at Falmouth.

Situation Increases in Gravity.

As a result of the conference, it is believed the former submarine situation has altered to a slightly different and far more grave question. The posi-

JACKASS TO LEAD BIG ELKS' PARADE

MAJOR MORRIS WILL ACT AS
MARSHAL AND WILL RIDE FOUR-
LEGGED ANIMAL — JACKASS,
NOT MORRIS, TO LEAD.

The principal feature of the big parade to be pulled off Friday by the Daytona lodge of Elks will be Marshal J. D. C. Morris and his jackass. When the lodge designated Major Morris to lead the parade the proviso was appended to his appointment that he must furnish his own conveyance. Somewhere the major has located a jackass and he announces that the parade will start from the Elks' home at 3 o'clock Friday afternoon provided the jackass can be backed up to the line designating the head of the column, by that hour. The jackass will lead the parade and Major Morris expects to stay on his back.

For the past year the Elks' band has been rehearsing and it will give its initial exhibition Friday. This band is known as Big Miller's Virtuoso Kazoo band. C. P. (Big) Miller will be the drum major of the aggregation.

David Sholtz has been designated as assistant marshal. Just what he will ride in the parade has not been determined. There is but one jackass (four-legged one) in the community so that David is of necessity compelled to find something else.

Major Morris says that some fearful contraptions have been built for the parade and woe of garb has been designated for the candidates, approximately 20 in number. The major says whatever the "boys" do to the candidates won't hurt him and he

PREPARATIONS NEARLY COMPLETE FOR HOTEL MENS' LEAP YEAR BALL

DECORATION COMMITTEE GET-
TING CASINO BURGUYNE IN
READINESS FOR BIG AFFAIR TO-
MORROW NIGHT.

Preparations are nearing completion for the complimentary leap year ball to be tendered to the cottagers and hotel guests of Daytona, Seabreeze and Daytona Beach by the Daytona Hotel Men's Association. The big event will occur tomorrow night at Casino Burgoyne, and probably will be the largest affair of its kind ever given in Daytona. Over 2,000 invitations have been issued.

The committee on decorations is busily engaged in getting the casino in readiness and when its work is completed the building will present a very attractive effect.

Music will be furnished by Sara-cina's Virtuoso Band, and by an augmented orchestra, under the direction of Harry A. Tucker.

wants all kinds of suggestions that may add to the misery of the candidates. Several interesting stunts are being carefully guarded and it is anticipated that a number of surprises will be sprung on the victims.

Remember, the parade starts at 3 o'clock, the jackass being willing, and will travel wherever fancy takes it. The time duration of the parade has not been decided as the prime-movers are not certain just how long the city commissioners will stand for the imitation of Barnum's great feature.

VERDUN SURROUNDED BY GREATEST STRUGGLE OF HISTORY; FRENCH CLAIM DOUAUMONT UNCAPTURED

TERRIFIC FIGHTING IN PROGRESS OVER
50-MILE FRONT—KAISER CONTINUES
TO HURL TROOPS IN MASS FOR-
MATION TO BLOODY DEATH.

(By International News Service.)

PARIS, Feb. 28.—The French have been compelled to again fall back before the terrific German assault in front of the fortress of Verdun. It is understood the Allies are rushing heavy reinforcements to the firing line and both sides are suffering tremendous losses.

The Teutonic troops are being mowed down by the thousands as the solid mass of soldiers roll forward against the deadly fire of the French machine guns and artillery. While the main effort of the Kaiser's men is centered near the redoubt of Douaumont, severe fighting is in progress over a 50-mile front stretching from Champaneuville to St. Michiel.

Military experts in Paris and throughout Europe declare the German attack is gradually weakening. If this should prove to be the case, the French lines will undoubtedly hold on or near their present position.

War Office Announces Check of Germans.

The French war office this afternoon announced that the Germans are definitely checked at Verdun. It is further stated that the efforts of the Teutonic troops to capture the fortified village of Douaumont have failed which fact is in exact contradiction of news received from Berlin. It is ad-

TENT REVIVAL SERVICES

WERE WELL ATTENDED

Rev. L. J. Miller, of Nashville, Tenn., who came to Daytona Saturday afternoon from Miami, accompanied by Mrs. Miller, to conduct a series of revival meetings in a big tent on North Ridgewood avenue under the auspices of the Kingston M. E. church, South, is an interesting speaker with a very pleasing delivery and will attract large congregations to the tent in which the services are being held and which is located at the corner of Ridgewood avenue and Cypress street. Several hundred people attended the meeting Sunday evening and were very favorably impressed with the evangelist.

FIFTH MEETING OF EAST COAST TEACHERS

MEETING ADDRESSED BY DR.
J. H. THOMAS. AND MRS. S. E.
CUNNINGHAM — FIFTY-ONE
TEACHERS PRESENT.

The fifth meeting of the East Coast Teachers association was held Saturday. There were 51 teachers present.

The first address was given by Mrs. S. E. Cunningham on "Civics in the Public Schools." She said "Because every woman is an unconscious mother is the reason so many of them teach. The burden of teaching rests with the women. Christ was the model teacher of civics and He had 12 pupils. Teachers should have fewer pupils and longer hours for rest that they may dream more and guard the pupils' dreams instead of devoting themselves to just 'keeping order.' Civics must permeate

all studies; it must emanate from the teachers' soul, that she may teach, not just patriotism, but brotherhood of man."

Dr. J. H. Thomas spoke on "The Enlarged Problem of Modern Education." He said "Life is good only as we make ourselves count. The pupil must know the past that he may not be as one who lived 100 years ago."

BOSTWICK PARK

"Just Across the Halifax"

There are two things which make a dwelling place ideal: One is location, where the business and social centers of attraction are most convenient; the other is modern improvements, such as city water, fire protection, sewerage, electric lights and phones.

CONVENIENT LOCATION.

Bostwick Park is just across the Halifax—about ten minutes' walk from the Postoffice, Palm-tree Club, Burgundy Casino, Banks and principal stores of Daytona.

IMPROVEMENTS.

A complete system of drainage and sewerage, city water, electric lights, telephones, stretching from the broad Halifax to the Atlantic Ocean, offering every inducement the river affords for boating and fishing, with the ocean beach for bathing or motoring.

Roadways are paved boulevard style with extensive parkings for trees and shrubbery. Sidewalks, gutters and curbs of concrete have been laid. Not only has the initial work been well done but provision has been made for further improvements to make this sub-division the most beautiful in the vicinity of Daytona.

MARY PICKFORD IN
 "CINDERELLA" AT THE
 CRESCENT TODAY

In the exquisitely fanciful fairy-tale "Cinderella," arranged from the beautifully symbolic and century-old story, Mary Pickford portrays the pathetic but bewitching little cinder-girl, the heroine of the world-renowned and universally loved tale of the abused step-sister, who was at last rewarded for her virtue and patience by a splendid triumph over the haughty sisters and unkind stepmother, and crowned princess, and sovereign of her true-love's heart. This new modern version of "Cinderella" is a delightful blend of comedy and pathos and provides a consummately artistic treat for people of all ages. In the imposing and elaborate production which has been given this wonderful story, illusion and reality are skillfully mingled, and the famous little heroine of the children of all time lives and breathes upon the screen, immortal there as in their hearts, with a tender charm that is all Mary Pickford's own. The varying vicissitudes of Cinderella's life, with her many sorrows and her great triumph, are depicted with a fascinating degree of realism and the inspiring episodes of the beloved tale are dramatically and picturesquely developed in this most charming and unique of fairy photoplays, just as they are chronicled in the beautiful story that is its origin.

"MATRIMONY" TO BE
 PRESENTED AT CRYSTAL
 THEATER THIS EVENING

"Matrimony" and "His Father's Footsteps" are the features at the Crystal theater today.

When a man tires of his wife and seeks diversion in every woman that he meets and she still loves him, what's she going to do about it? Thomas H. Ince and C. Gardner Sullivan's new play, "Matrimony," gives Miss Julia Dean the opportunity convincingly to answer this query. Miss Dean scores off in the play, and it is by the reversal in character, makeup and manner. First she is the fond, albeit old-looking, wife. The climax comes at a dinner, when her husband (Howard Hickman) utterly ignores her. A scatter-brained young thing in flashy attire, Miss Dean, in turn, loses her sedateness and becomes a lively, enchanting young person. She is so full of good spirits and vivacity that all the men flock around her. Her husband sees her here with one admirer, there with another, till he begins to think she is the most desirable woman in the world. His attempts to win her back meet with easy rebuffs, as his wife seems content to let him go his way while she goes hers. When the wife realizes that he has learned his lesson she gracefully slips back into her simple role again and joins her husband in a little birthday party to their four-year-old girl.

"There are some comic surprises in store for you when you see Sterling Ford in 'His Father's Footsteps,' which will be shown at the Crystal theater today. He makes some quick changes from the role of a stern parent to that of a victim of the charms of his son's sweetheart. As the story begins, the parents are fearful that their son will be led astray by the young lady next door. As a stern parent, Sterling goes into the room prepared to abash the girl. Instead of that he is induced to go with her to a cafe. She notifies the son of the escapade and the mother finds out about the affair. There is some lively dancing by the father and the girl, when the wife appears on the scene. Later there is a lively fight between the landlord and the father, and the latter is thrown out of the tenth story window, but is saved by catching his clothing on a hook during the descent. The building is set on fire by an overturned lamp during the struggle. Firemen come on the scene and help put out the fire, but the girl climbs a ladder and rescues the father by cutting his clothing loose from the hook with an axe. He is dragged out of a water barrel, drenched and disheveled. The girl and the youth achieve happiness and the parents are reconciled.

Loafing—Work—for Some.
 Sometimes, in our less optimistic moods, we wonder if a holiday isn't inserted to remind us how easy work is. —Milwaukee Journal.

Conviction That Counts.
 This imperishable conviction, that if a thing is right it will have to be, is the underlying rock on which all great character is built; and it carries in it a trust implicit if not explicit in the moral government of the world.—J. Martineau.

BOSTWICK PARK

"Just Across the Halifax"

There are two things which make a dwelling place ideal: One is location, where the business and social centers of attraction are most convenient; the other is modern improvements, such as city water, fire protection, sewerage, electric lights and phones.

CONVENIENT LOCATION.

Bostwick Park is just across the Halifax—about ten minutes' walk from the Postoffice, Palmetto Club, Burgoyne Casino, Banks and principal stores of Daytona.

IMPROVEMENTS.

A complete system of drainage and sewerage, city water, electric lights, telephones, stretching from the broad Halifax to the Atlantic Ocean, offering every inducement the river affords for boating and fishing, with the ocean beach for bathing or motoring.

Roadways are paved boulevard style with extensive parkage for trees and shrubbery. Sidewalks, gutters and curbs of concrete have been laid. Not only has the initial work been well done but provision has been made for further improvements to make this sub-division the most beautiful in the vicinity of Daytona.

BRUSH FIRES THREATEN SMYRNA, DAYTONA; DEPT. IS CALLED OUT

AUTOMOBILE PARTY SAVES TEA-HOUSE FROM FLAMES—BLAZE SWEEPS ACROSS MAIN PORT ORANGE ROAD.

A brush fire in the section known as Silver Hill, called out the department at 4:15 p. m., Saturday. Chief French and his force easily beat the blaze to ashes. Owing to the high wind and lack of rain, several fires were burning at a late hour Saturday between Daytona and New Smyrna and one near Holly Hill. Many of the farmers living a short distance inland in the hammock, have been forced to fight the flames to preserve their homes. One house on the road to Port Orange about three miles from this city was, for a time, completely surrounded with burning brush, but a

large force of negroes managed to save the structure.

An automobile party from the Hotel Clarendon tells an exciting tale of fire fighting at New Smyrna. Three machine loads of young people from the Peninsula and Daytona motored down to the little tea room on the outskirts of New Smyrna late Saturday afternoon. When they took their seats at the tables, they noted a fire burning through the brush in the direction of the railroad track, but it seemed a long way off.

Within a startlingly short time, the crackling and roaring of the flames reached their ears. Upon rushing to the porch, they caught sight of a long uneven lapping sweep of fire, darting into the dry grass and palmetto-scrub and nimble climbing the trunks of the fat pines.

The entire party, girls and all, ran for the brush, cut beaters and fans, and attacked the flames with a will. Later, some men living nearby, joined them. It was many minutes before the safety of the little tea room was assured. Then the party, covered with resin and cinders, returned to a delicious spread of tea and toast.

Another fire took the precise mo-

ment to cross the main road between Port Orange and Daytona that the three above mentioned machines wished to continue their way home. But the young people had had a sufficient fight with the flames and intended to get back to the Clarendon by supper time if possible. The drivers drew their caps close, the party took a long breath and the automobiles opened their cut-outs and darted through the flying cinders and blinding smoke.

Use Rabbit Fur on Hats.
 Rabbit fur is said to be supplanting wool in felt hat making in Australia, where 32 factories are in operation. The fur is considered much superior to the finest merino for this purpose, and millions of rabbit skins are used annually.

Lesson of Modern Sport.
 To the young athlete the lesson modern sport teaches is: Attend as well to the cultivation of the mind as to the training of the body and its muscles, if you would enjoy competitive athletics to the full. The first is as necessary as the last to become superexcellent at any sport, to get the greatest enjoyment from sport and to cope with its emergencies.

MANAGER TITUS SECURES SPECIAL FEATURES.

Manager Henry T. Titus returned Saturday evening from a several days' business trip to Atlanta, Ga., where he went to secure a number of special features for presentation in the New Daytona theater, through the remainder of the season. He succeeded in getting a number of big features, the first which to be presented will be "Undine."

When Moving Rugs.
 In packing rugs, when moving, I always sprinkle with powdered alum and fold a few moth balls in when rolling them. Then, if not used immediately, as is sometimes the case, there is no danger of their being destroyed by pests.—The Mother's Magazine.

To Keep Well.
 A knowledge of the law of immunity teaches that when our health is at its best our restraining power is at its best. Hence we say we are immune to disease. While it is wise and necessary to avoid, control and destroy disease-producing germs wherever found, it is very necessary to render the body as nearly immune as possible and then keep it in that condition.

SCHOOL BIDS TO BE OPENED ON MARCH 6

COUNTY BOARD OF EDUCATION
WILL OPEN BIDS FOR NEW
SCHOOL BUILDING ON THE 6TH
OF MARCH.

Peninsula inhabitants look forward with much interest to the granting of the contract for the new school building which will soon be erected in Seabreeze.

At their next regular meeting on March 6th all bids will be opened and the job given to the lowest responsible bidder. They hope to have a clear and full title to the land by this time so that work may begin at once.

The plot of land purchased by the school commissioners last June was sold through the agency of W. H. Courtney, of Seabreeze, and is located on the corner of Earl street and Grandview avenue. It comprises more than half of a block and is an L-shaped plot nearly three acres in size. The site has been carefully surveyed by Engineer D. D. Rogers, of Daytona, and it has been decided to build the new school house on the southeast corner of the property, facing Earl street.

In its new place the school will be much more centrally located than the present position on Halifax avenue and Ora street, and owing to the crowded condition of the old house, pupils, teachers and parents are only too anxious for the completion of the modern building.

The interest in the awarding of the contract centers among those engaged in the trades, as they are anxious for the contract to go to a man who will employ local workmen. It is understood that two of the local contractors have sent in their bids.

The new building will be a brick structure equipped with all present-day conveniences and will prove a monument to the Peninsula. The plans were drawn up by a Jacksonville firm and were purchased last summer by the county board. The total cost of the building is estimated at \$42,000.

Bite of Scorpions.

The bite of a scorpion less than two inches in length is no more irritating than a bee sting. Large scorpions may carry a dose of poison capable of producing a good deal of local irritation and causing some disturbance of the system. Strong soda water should be applied locally. Aromatic spirits of ammonia may be given internally if the face is pale.

A caucus was held last week at the Seabreeze town hall, called together by the regularly appointed committee, G. D. Finley, J. W. Williams and N. E. Bates. A fair attendance was present, with Mayor Lott, of Seabreeze, as chairman of the meeting.

The following ticket was unanimously nominated:

C. A. Lund.
H. G. Wilson.

FOR TOWN CLERK.
C. A. Kenney.

FOR TAX ASSESSOR.
C. A. Kenney.

FOR TAX COLLECTOR.
W. H. Courtney.

FOR MARSHALL.

FOR TREASURER.

The election will be held on the 16th of March, and much interest is felt in its result.

SCHOOL NOTES

Miss Mary Rourke, the talented young daughter of U. S. Attorney Rourke, of North Dakota, is a valued acquisition to the student body of Seabreeze high school. Miss Rourke came to Florida a couple of weeks ago with her parents and located at an inland city, but coming to the beach for a short visit, was so impressed with the beauties and advantages of the "prettiest winter resort on earth," that she decided to stay, and will be a guest at the home of Senator Pierce and family for the balance of the winter.

The school officials ordered the wands Monday for the wand drills, to be held on Field Day, toward the end of the coming month. This drill will be one of the attractive features of the day.

The literature classes of the school are hugely enjoying their work during the present weeks. The freshmen class is deep in the midst of "Ivanhoe's" adventures, and most of them wait with impatience for the time for literature recitation to come. One of the more advanced classes is studying the quaint, lovable, yet exciting, story of "Lorna Doone," and the boys in the class wish that they had one among them of John Ridd's size to play on the basketball team.

Bret Harte is occupying the attention of the seniors at their literature hour, and they are getting a great deal out of his human interest stories of the gold rush times in the western states.

W. D. Curtis, O. P. Curtis and R. M. Curtis, prominent business men of Lenox, Mass., who have been spending the past week in Seabreeze at the Hotel Clarendon, have returned home. They enjoyed an all-day motor trip to Ponce Park Friday and were very enthusiastic in their praise of Seabreeze and the neighboring resorts. They thoroughly enjoyed their stay here and are planning to return next season.

TOURIST CLASS ENJOY AN EXCELLENT ADDRESS

The Tourist Bible Class of the Daytona Beach Methodist church presented one of the strongest programs of the season Sunday.

After the song service at 9:45, W. J. Welch gave a very beautiful and instructive Bible lesson.

Dr. A. P. Montague, president of Columbia College, Lake City, Fla., who was the speaker guest of the day, gave a very strong message concerning the Laymen's Obligation, power of example, participation in Bible schools, Christian citizenship, etc. The Forum, which was participated in by the class, presented some interesting short talks, emphasizing the opportunities of, rather than the obligations of, citizenship.

The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearing; Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

Silence of Operation—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

Decimal Tabulator—A help in billing and tabulating. There is no extra charge for this convenience.

Variable Line Spacer—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

Faster Ribbon Feed—Insures new place of impact for each typeface.

Choice of Carriage Return—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

YOUTH TAMPA BOUND AFTER WALKING 1,000 MILES IN 43 DAYS

After having made a record hike from Lansing, Mich., to Savannah, Ga., LaVerne E. Burroughs arrived in Daytona Saturday on an additional hike to Tampa. Burroughs is only 18 years of age, and is a fine specimen of physical manhood. In his walk from Michigan to Georgia he covered a distance of 1,000 miles in 43 days. He averaged 23 miles per day.

Leaving Lansing, Burroughs possessed one lonely five-dollar "rag." When he arrived in Savannah he had about the same amount. Never a penny has he burned, he said, his expenses were met by selling postcards of himself and doing contortion stunts. Burroughs is also an expert "rope-man." A rope tied around him in any manner can be untied and he makes his escape from the entanglements without assistance. He receives donations for these acts, and thereby manages to "get by" without embarrassment.

Many exciting and interesting experiences have featured his hike, according to his statements and newspaper clippings. Mixing up with the wild and unconquered waters of the Mississippi in the Middle West, and the experiences in going through tunnels, over mountains, through snow, sleet and rain have been novel.

SOCIETY EVENTS OF THE WEEK

The Tourists' club of St. Paul's church will meet in the parochial hall on Myrtle avenue, Monday afternoon.

Tuesday evening, the Hotel Men's dance at the Casino Burgoyne, to which many invitations have been sent out, and which promises to be a most brilliant affair, will be held.

A card party will be given in the ballroom of the Clarendon hotel Wednesday afternoon, a charity function, by the ladies of St. Paul's church, the proceeds of which will be devoted to the church.

Wednesday evening, the Neighborhood club will meet with Miss Alda Hayward, at the home of Mrs. M. L. Stanley, 27 North Ridgewood avenue. Miss Hayward is Mrs. Stanley's house guest.

Wednesday morning a musicale will be given in the Palmetto clubhouse by the music department, Mrs. W. E. Hitchcock, leader. The compositions of Carrie Jacob-Bond will be taken up, under the direction of Mrs. D. Louis Perrin, a personal friend of the composer.

WILL CELEBRATE HIS 14TH BIRTHDAY ANNIVERSARY

W. W. Ross, of North Ridgewood avenue, will arrive at his 14th birthday anniversary tomorrow and his friends and relatives are making preparations to celebrate it in becoming manner. People who are casually acquainted with Mr. Ross may think that he is pretty well grown for 14 and those who are aware that he is a grandfather several times will doubtless consider that a mistake has been made in the number of his birthdays, but such is not the case. As Mr. Ross was born on the 25th of February, his birthdays come but once in four years and this makes them of more consequence than if they rolled around regularly every year, as is the case with most folks.

If you advertise in the News it goes.

IN SOCIETY

Miss Katherine C. Gantley, Editor.

MISS CRENSHAW ENTERTAINED TAINED FRIENDS AT CARDS

Miss Arline Crenshaw entertained a few of her friends most graciously Saturday afternoon at her home on North Ridgewood avenue, at cards.

The house was very attractively adorned with vases of pink and white carnations and flower bowls of lovely sweet peas, arranged artistically.

Four tables were devoted to cards. Charming were the lovely hand-painted tables, the work of the vivacious hostess, the sweetest little Colonial dainties, all dressed in pink and white, the color scheme.

The winner of the highest score at each of the four tables received a prize. Miss Lee Bowers received one. Miss Hazel Nelson, Mrs. George Lee Atkins and Miss Daisy Schmadeke the others. Miss Oreta Wood, the house guest of Mrs. T. F. Williams, received the guest prize, a lovely corsage of violets.

Following auction a visiting hour was enjoyed by the young ladies, during which a temptingly delicious salad luncheon was served by the hostess.

MRS. WARRENNER AND MRS. L. O. SMITH ENTERTAINED

Saturday afternoon Mrs. Anna M. Warrenner, of Ridgewood avenue, and Mrs. L. O. Smith, a guest at the Ridgewood hotel, entertained at cards in the Palmetto clubhouse. The card room and tea room were delightfully arranged with a profusion of roses. It was a rose card party. There were roses everywhere, roses in a captivating abundance.

Thirteen tables were devoted to the game, and prizes were awarded Mrs. E. H. Hotchkiss, who received the first, Mrs. Harry Thompson, second, Mrs. Laura A. Salomon, third, Mrs. T. E. Fitzgerald, fourth, Mrs. Caroline A. D. Stoughton, fifth.

After auction a visiting hour was enjoyed by the ladies, during which delicious refreshments were served by the hostesses.

PLEASANTLY SURPRISED ON ANNIVERSARY OF HER BIRTH

Twenty-one of the friends of Miss Hazel C. Nelson completely surprised this charming young lady most delightfully when they assembled at her home at 44 North Ridgewood avenue.

Saturday evening, it was Miss Nelson's twenty-first birthday, and when she returned home from a dinner engagement she found her friends there to greet her. The living and dining-rooms were artistically arranged with red festooning and polka-dots. The birthday cake was most attractive with 21 candles burning merrily, and when Miss Nelson cut the cake, each of the guests was very anxious to find the lucky piece, but to no avail. The recipient refused to divulge himself.

The young people played hearts. Miss Marion Gabeler and Charles Walwright winning the prizes.

A most delightful refreshment course was served by the hostess, Miss Nelson, who received many pretty birthday gifts to mark the passing of her twenty-first milestone.

The Misses Elizabeth and Margaret Bruchold gave a card party Saturday afternoon at their parents' home on Ridgewood avenue. Yellow jessamine was used for decoration with fern and other greenery.

Auction and five hundred were enjoyed. Mrs. Mary Wetherby won the prize at auction, while Miss Pollitz captured the five hundred prize.

Light refreshments were served by the charming hostesses.

Mrs. Charles Taylor, who had been with C. N. Pence and his son, Warner C. Pence, and wife for a month past at Mr. Pence's winter home, 40 South Palmetto avenue, left Saturday on her return to Cincinnati, O., business matters claiming her attention at home. Mrs. Taylor had planned to remain until later in the season.

Mr. and Mrs. F. A. Hetherington of Indianapolis, Ind., who had been making a tour of the state and came to Daytona Friday as guests for a few days of Mrs. Geo. F. Smith at her home on North Ridgewood avenue, departed today on their return to Indianapolis.

THE HUDSON Super-Six

Six cylinders is the smallest number of cylinders that will produce continuous power in a gasoline motor.

In size the motor is identical with last year's Hudson Six. Last year's Hudson, at its maximum, developed only 42 horsepower; the Super-Six develops 76 horsepower, an actual increase of 80 per cent. in power without any added size.

The Hudson Super-Six so eliminates vibration that on a testing block, at enormous speed, it hardly shakes a pencil stood ON END. In high motor speed capacity it exceeds by half, the best of former Sixes.

The Hudson Super-Six is equipped with an engine that will attain a speed of sixty miles an hour in 25 seconds from a standing start.

MIDWAY AGAIN CURSED WITH PUBLICITY; ONE DISABLED IN ROCK DUEL

GRIFFIN SUBMARINES HIS OPPONENT WITHOUT WARNING. TORPEDO LATER EXTRACTED FROM NESBIT'S ARMOR-PLATE BY A BARBER.

Through the devastating and disturbing powers of a box of oranges, a hunk of rock, a bottle of gin and a single but emphatic "cuss-word," one Jonas Griffin and one Isaac Nesbet, of Midway, accompanied Officer Taylor to the mayor's court this morning to answer a charge of disorderly conduct.

Both offenders pleaded guilty. Nesbet was fined \$3.00 and costs or 14 days' vacation at the expense of the city, and Griffin was fined \$1.00 and costs or a like sojourn behind the bars. They paid their fines.

The story of Jonas Griffin was indeed a touching one. There was hardly a dry eye in the little court room when he finished. It seems that Griffin received two orders for oranges. After procuring the fruit, he left it for a moment on the counter of Dan Robinson's meat market in Midway while he went after a drink—of water! Curses of curses! When he returned the oranges were gone. Likewise was Isaac Nesbet.

Now, Griffin is a clever man. He looked at the counter twice, said the alphabet, closed his eyes and looked again. The oranges persistently and consistently remained gone. Then he stuck his hands into his pockets and lounged against the wall just as if he didn't like oranges, anyhow. Pretty soon Nesbet came moseying in. He looked at Griffin once and mosed out, but Griffin followed. The pair hove to side by side beyond the neutral limits of the porch of the store.

"What'd you-all do with ma oranges?" said Griffin.

"Ain't seen no oranges," allowed Nesbet.

"Where'd you-all put ma oranges?" said Griffin.

"Ain't seen no oranges," allowed Nesbet.

"Did you-all eat ma oranges?" said Griffin.

Nesbet rolled his eyes solemnly. "Look heya, boy, does you perceive a dose of oranges 'bout ma person? You doesn't?" Well, does Ah look like Ah had two dozen oranges inside of me? I doesn't? Well, go on 'bout yoa business, brudder, 'Yore Ah looses ma temper."

At this critical point Griffin, realizing the power and value of the long arm of the law, withdrew his forces and went in search of Officer Gad Taylor. He found Taylor and he found his oranges, accidentally, where they had been carefully poured over a fence. An unknown witness informed him that Nesbet was responsible.

Taylor and the victim of the robbery returned to the vicinity of Nesbet. Taylor caught Nesbet by one arm and held Griffin by the other. After mutual and entirely unsatisfactory explanations, he declared he would lock them both in jail.

Ah, reader, hold your breath. Here's the climax! Nesbet, according to threat, did loose his temper. He spat

forth a single cuss-word at Griffin. Griffin remained cool to the last. Griffin is a gentleman who will let no man call him a thing. Griffin picked up a rock. Griffin planted the same rock in the precise center of Nesbet's forehead and Nesbet ceased argument.

While telling the story in court, Griffin was asked what sort of a rock he used in the undoing of his opponent. He glanced hastily around the courtroom floor and finding nothing, mumbled, "It was jes' a regular rock. A rock like you'd naturally have. Twere't much of a rock, nuther."

The day after the battle a barber extracted the "shell" from Nesbet's armor-plate. It was a fair-sized piece of marl.

Napoleon's Estimate.

Napoleon Bonaparte, the most extraordinary product of modern times, contributed extensively by his wars to the population of the unknown world beyond the grave. It was not religious considerations that made him adhere to the old valuation of women which bore a distinct ratio to her fertility. His own power depended upon the number of soldiers he could bring into the field.

THE WEATHER

FOR FLORIDA: Partly overcast and warmer. Rain only in extreme north portion of state; winds, moderate, variable.

Optimist Department, Devoted to Cheering Up "The Land of Sunshine."

My! My! My! Say, "friends, Romans, countrymen, lend me your ears!" Yes, I got mine. Never again will I ever attempt to write verse about a Ford. Do you know, a flock of the blasted things attacked me Sunday evening on my way home? I had a terrible time—a terrible time. They got all over me. Finally, I jumped in the river. Yep, jumped in the river. It was the only way to get rid of 'em.

Therefore, because of this vile and base attack, I cannot offer to my gentle readers' any verse today. I bought a gun this morning, though the clerk suggested a can of insect powder would prove a greater protection. If I do not suffer further outrage before Tuesday, I'll hand you something more that rhymes.

DOMESTIC SCIENCE DEPARTMENT SERVED A DELICIOUS REPAST

Following the teachers' meeting which was held in the school auditorium Saturday morning, a luncheon was served by the pupils of the domestic science department in the domestic science dining-room, under the supervision of the instructor, Miss Naomi Grothaus.

The repast included five courses, deliciously cooked and temptingly served by the girls, each girl especially preparing a certain dish, and serving same. This novel way of allowing the students to have practical experience with theory was splendidly carried out and much praise is due Miss Grothaus.

Those who enjoyed the luncheon were Mrs. S. E. Cunningham, Miss Adelaide Cunningham, Prof. Frank Turquist, Prof. George Marks, Principal and Mrs. H. Clay Marks, Principal R. S. Blanton of New Smyrna, Principal Homer E. Wakefield of Seabreeze, and Miss Evelyn Turquist of Deland.

Daytona Needs A City Hall

Daytona needs a city hall!

The present excuse for a municipal building is a joke.

The building leaks like a sieve.

The vault is mouldy and inadequate to hold the city records.

The city island will make an ideal site for a new building.

It could house the commissioners' offices, the jail, fire department and other necessary departments.

A comparatively small amount of money will fill in the space between Beach street and the present island

and thus give the city a valuable piece of land, worth in dollars and cents many times its cost.

A fairly decent building can be erected for approximately \$25,000. This money would of necessity have to be raised by a bond issue.

Daytona prides itself on being the "prettiest winter resort in the world," and it is; but the city of Daytona has one of the "rottenest" municipal buildings in America.

There is food for thought in the above suggestion.

Digest it!

EX-MAYOR OF DAYTONA TAKES
EXCEPTION TO REFLECTIONS
CAST ON CITY AND ITS OFFICIALS.

Ex-Mayor Henry T. Titus, upon his return from Atlanta yesterday, was shown a copy of the Daytona Morning Journal containing the anonymous communication signed "Observer." He characterized this communication in strong terms, declaring, in a forceable manner, that there was not an iota of truth in the assertions therein contained, and further, that he was surprised that a paper of the standard of the Journal should publish communications of this description unless the writer's name was signed, unless it fully investigated the charges, and were prepared to endorse same. Further, that charges of this description published in any paper—especially when they were without foundation—were condemnatory, as they did Daytona no good and would put the thought in the minds of tourists that otherwise might come to our city that it was nothing but a gambling den and a place to keep away from. Ex-Mayor Henry T. Titus is so incensed against the reflection which has been made against the city—the city officials and Daytonians in general that they openly permit "wire-tappers," gambling houses and yachts to be used for the purpose of "fleeing" visitors to our city, that he has offered a reward of five hundred dollars, which "Observer" may have—or for that matter any one else, that can prove the groundless assertions charged by "Observer" in the Journal. Further, ex-Mayor Titus declares that when an assertion of this description is made that in fairness to Daytona, the paper publishing same should be forced to give the name of the party, and be compelled, by a writ of subpoena, to appear before the Grand Jury and make good his reflections on the city of Daytona. In summing up the matter, ex-Mayor Titus is of the opinion that "Observer" is nothing but a "ground-hog" and proves that he is not a man that has Daytona's interest at heart, otherwise he would give the officials of the city the information he has "observed" so that

they could take necessary action. Ex-Mayor Titus further adds that any "our" can cast a slur against upright, honest citizens, and further that, although he is not now officially connected with the city, he is prepared, as stated above, to pay "Observer" to impart the information to the proper officials. Five hundred dollars ought to be some inducement, and ex-Mayor Titus declares that if the information is not given, it will show that the article is groundless and that it is his belief that it was never genuine. He challenges the Daytona Morning Journal to prove that they ever received such an article signed by any "responsible person," and doubts very much but that it is nothing but a "myth" with an intention to deceive.

BAND CONCERT CALLED OFF FOR TUESDAY EVENING

There will be no band concert on Tuesday evening, February 29. The Casino will be closed to all except invited guests of the Hotel association. Invitations can be procured of Col. Woodbury.

Get All You Can of Fresh Air.
People who spend much of their time out of doors will never be out much money for doctor bills.

Surely Includes This.
According to a mycological expert, the colorings of mushrooms are exceedingly varied, including possibly the subsequent beautiful one of the victim who gets a toadstool by mistake.

Nails Used in Surgery.
It is said that common iron nails are now successfully used by surgeons in the repair of broken bones. The nails which are used to hold the pieces in place while the healing process goes on, are soon covered with a sort of rust-resisting membrane and their presence occasions no trouble or ill effects. Sioux City (Ia.) surgeons report cases in which nails and even iron stovepipe wire have been used for this purpose.

Peach Seeds of Value.
At a fruit-canning plant in California a thousand tons of peach seeds were accumulated last season. They were cracked by special machinery, and the meats shipped to Germany, where they were used in the manufacture of prussic acid and some other products. The meats were also processed by the Germans to make the bitter almonds of commerce. The canning company sold the shells as fuel.

AUDITOR COMING TO PASS ON CITY BOOKS

Fred E. Rankin, a public accountant of Jacksonville, has been engaged by the city commissioners to audit all the books and accounts of the city of Daytona. Mr. Rankin will arrive in Daytona some day this week, and probably will be busy with the affairs of the city for a couple of weeks. It is the purpose of the commissioners to have the books and accounts of all departments audited.

French Army Corps.
A French army corps is made up of 14 battalions of rather over 1,000 men each. These are sectioned into eight regiments, each of three battalions, and these again are formed into four brigades, two of which compose a division.

MIXED DOUBLES WON BY HAMMOND AND KELLER MISS RICHARDSON AND TO BOX WEDNESDAY GREEN; FAST TENNIS

DESPLAND 1915 TOURNAMENT
VOTED GREAT SUCCESS—WIN-
NERS RECEIVE HANDSOME SIL-
VER CUPS.

The Despland annual tennis tourna-
ment came to a close Saturday after-
noon when Miss Richardson and Ray-
mond Green won the mixed doubles
finals match with a score of 6-2, 6-1,
and 6-2. The sets were hard-fought
and exciting. A large audience was
present on the side lines.

Green and Fitter won the men's
doubles championship with a score
of 7-5, 7-6, 6-4, 1-6 and 6-1.

The first set alternated favor with a
game for the service until the score
closed at 7-6. The second was also
a close set with a score of 7-6. Then
Abbott and Kimball gathered up "pep"
and started their opponents in the
third set with a score of 6-5.

At the beginning of the fourth set
the audience was inclined in favor of
the Ormond team. Again Abbott and
Kimball out-stroked and out-played
Green and Fitter. They passed the
men at the net and drove them back
to the line of 1-6.

Excitement could not have reached
a higher pitch in the national cham-
pionship than at the opening of the
fifth and decisive set. Opinion was
split evenly. Somewhat to the sur-
prise of all, Green and Fitter staged a
whirlwind finish, although Abbott and
Kimball put up a fight worth remem-
bering. The Daytona team proved a
bit faster and a bit more accurate dur-
ing the last seven games. The cham-
pionship was awarded over a final score
of 6-1.

From the Latin.

The Russians, who were slightly in-
fluenced by the Latin races, say that
dogs bark and the wind carries it
away, but the French, Spaniards, Ger-
mans and English, who have inherited
more than they wish to acknowledge
from ancient Rome, all agree that
barking dogs don't bite, and we have
also in English the warning to "have
a care for a silent dog and still water"
which is nearly a free translation of
the Latin original.

Jack Grace, who is known from
coast to coast in the pugilistic game,
and who has been at the ringside of
all the greatest battles fought in this
and other countries, arrived Satur-
day with his heavyweight protegee,
Jack Hammond, the New Orleans sen-
sation.

Hammond is billed to box Terry
Keller on next Wednesday night at the
Arcade and is a big robust fellow
who seems capable of presenting a
hard battle. In the course of his
career, Hammond has met many good
men on the coast, which included wins
over Charley Miller, Jack Geyer, Char-
ley Horn and most recently Jack
Memple in New Orleans.

While training in New Orleans re-
cently, Fred Fulton asked Hammond
to work with him, inasmuch as he was
the only real heavyweight in this sec-
tion. Tommy Burns, who staged the
bout, arranged for a four-round public
exhibition between Fulton and Ham-
mond for a Sunday afternoon before
the bout. It was in this exhibition
that the New Orleans boxing circles
found Fulton's real merit, for Ham-
mond, although much smaller in size,
boxed rings around the big blonde
from Minnesota. and it was generally
commented on by the newspapers the
next day, Hammond completely bat-
tled the big fellow, and greatly sur-
prised the New Orleans boxing fol-
lowers.

Jack Grace, who has charge of Ham-
mond, has handled many great fight-
ers in recent years. Willie Ritole
and Frank Moran being the most
prominent. Jack has been to every
corner in the universe, and has many
wild tales of his travels. He has
staged boxing bouts in many cities
of the United States, as well as Europe
and even the far off China.

R.H. EDMONDS BELIEVES WILSON RIGHT IN HIS "STAND PAT" ATTITUDE

Richard H. Edmonds, editor of the
Manufacturers Record, who is spend-
ing the winter months in Daytona sent
the following telegram to the presi-
dent of the United States late Satur-
day. It represents the feeling of vast
numbers of people in this country
who at the present time favor the pol-
icy the chief executive has adopted
toward the warring nations.

February 26, 1916
Hon. Woodrow Wilson, President of
the United States, Washington, D.C.:
"At this time when the nation's hon-
or is at stake, when all that this coun-
try has stood for in civilization hangs
in the balance, it is of profound con-
cern to every lover of justice and hon-
or and duty to ourselves and human-
ity, that you are standing firm on the
lines laid down in your letter to
Senator Stone.

The people of this country covet
peace, but they do not want to pre-
serve it at the loss of honor. This
hour is fraught with far weightier re-
sponsibilities to this nation than any
hour in the history of its past. Nei-
ther in the revolutionary days nor in
the struggle of 1861-65 were the is-
sues at stake of such tremendous im-
portance for human weal and woe.

"In the life of a nation as well as in
that of an individual, there comes
times of supreme moment which for
all the future shall measure hon-
or and its influence for good. That
hour has come to the United States
and the honest hearted people of this
country, loving honor better than life,
realizing that where mighty moral is-
sues are involved, neutrality is im-
morality, are praying for guidance and
for strength for you that you may be
divinely led and have the strength to
stand for that which is right in the
sight of man and God.

"(Signed) RICHARD H. EDMONDS,
"Editor Manufacturers Record."

Daily Thought.
Who is the happiest of men? He
who values the merits of others, and
in their pleasure takes joy, even as
though 'twere his own.—Goethe.

What He Thinks Remarkable.
"Do you think there is anything re-
markable in love at first sight?" asked
the romantic youth. "Not at all!" an-
swered the cynic. "It's when people
have been looking at each other for
four or five years that it becomes re-
markable."—Pearson's Weekly

His Intention.
"Being of no further use on earth,"
said Gaunt N. Grimm, "having grown
thoroughly tired of trying to convince
fools of their errors, feeling sure that
none of the said fools will regret my
departure any more than I should
theirs under similar circumstances,
and being as ready to go as I'll ever
be, I shall now eat the large hunk of
wedding cake that my niece has sent
me."—Kansas City Star.

Matte. of Speech.
As a rule the native of a country
will naturally speak his own language
better than a foreigner of equal stand-
ing. Of course, very few of us speak
our own language perfectly but still
fewer speak perfectly any language
besides their own. It is true that our
characteristically careless habits of
speech make the English of an edu-
cated foreigner more careful than that
of the average American, if not more
perfect.

Pinned Him Down.
Sidney Smith was once dining in
company with a French gentleman,
who had been before dinner indulging
in a number of free-thinking specula-
tions, and had ended by avowing him-
self a materialist. "Very good soup
this," said Mr. Smith. "Oui, monsieur,
c'est excellent" was the reply. "Pray,
sir, do you believe in a cook?" in-
quired Mr. Smith.

**SCHOOL PLANS TO BE
FINALLY GONE OVER**

LeRoy Shaffell, of the firm of Mark
& Shaffell, Jacksonville architects,
who have had charge of the prepara-
tion plans for Daytona's new school
buildings, is in Daytona for the pur-
pose of going over the plans with the
local trustees and getting them in
shape for final adoption.

The bond money will be available
just as soon as the bonds are received
from the engravers, and it is the pur-
pose of the school officials to imme-
diately call for bids on the construc-
tion of the buildings.

Safety Pin an Old Idea.
Queen Victoria's reputed invention
of the safety pin has been exploded
by the recent discovery on the island
of Crete of one supposed to have been
made at least 900 years B. C. This
gives it the safety first honors.

Thymol.
The value of thymol in medicine and
sanitation depends on its powerful
germicidal properties, combined with
an absence of toxic qualities. It can
be used as an antiseptic with the same
effectiveness as phenol or carbolic
acid; but unlike the latter, is non-
poisonous.

sociation give an invitation ball.

"Scent" Icebergs.
If the wind is in the right direction,
a sort of cold smell gives sailors warn-
ing of the proximity of an iceberg.

Bird Importations.
The number of birds imported into
the United States annually amounts
to about 500,000, and as many as 17,
000 have become dwellers in America
within one day. The half million
feathered strangers represent 1,500
different species, but the greater num-
ber of the importations are of cana-
ries, parrots and game birds.

HEALTH RESTORED, E. E. HARPEL

RESUMES POSITION IN NORTH

Mrs. E. E. Harpel left Sunday to

join Mr. Harpel in Newark, N. J. Mr.

Harpel, who for a little more than a

year, has been acting as assistant

manager for C. Nash & Son, of Vi-

luna avenue, went to New York three

weeks ago to resume a position with

the Electric House and Rubber com-

pany, of Wilmington, Del., expecting

to be in the New York office of the

company, but will, instead, be with

a new branch opened by the company

in Newark. Mr. Harpel came South

to build up his health and this be-

ing restored by his residence here he

felt constrained to resume his po-

sition with the company as stated,

but as both he and Mrs. Harpel have

become attached to Daytona and have

made many friends here, it is probable

that at some time in the future they

will return. While here they ac-

quired one of the Nash cottages, 34 Vi-

luna avenue, adjoining the business

location of C. Nash & Son.

Fire and Ashes.

The wise man does not render his

attention upon efforts. They are at

till as the ashes resulting from the

great heat of spiritual fire. There is

no safety in this life because the fire

of the original spirit is ever new and

fresh. He does not identify himself

with the ashes, consequently he never

has to count himself at the end of ex-

istence. Ashes are carried out and

cast to the four winds, and the fire

burns on and on.—Charles Fillmore, in

Unity.

Diplomatic Break May Come Soon.

Just what attitude the United States govern-
ment will take in the crisis is a matter of conjecture,
as President Wilson and Secretary Lansing are
guarding their plans with the greatest secrecy.
Official circles think a diplomatic break with Ger-

great struggle.

TEUTONS CONTINUE GREAT DRIVE

(By International News Service.)

BERLIN, Feb. 28 (3:00 p. m.).—An official
statement issued here by the war office announces
the French have been repulsed in their counter at-
tacks and the Germans are steadily gaining ground
in the direction of Bras, three miles north of the
great stronghold of Verdun.

In Woivre, the Teutons have advanced to the
base of Lorraine heights. It is stated some of the
strongest positions in Champagne have been taken
by storm. Nine machine guns are in the hands of
the Kaiser's troops as well as 1,100 prisoners.
